

Tuberculosis Summit March 2024

Adama Dyoniziak
Executive Director
Champions for Health

Summit Overview

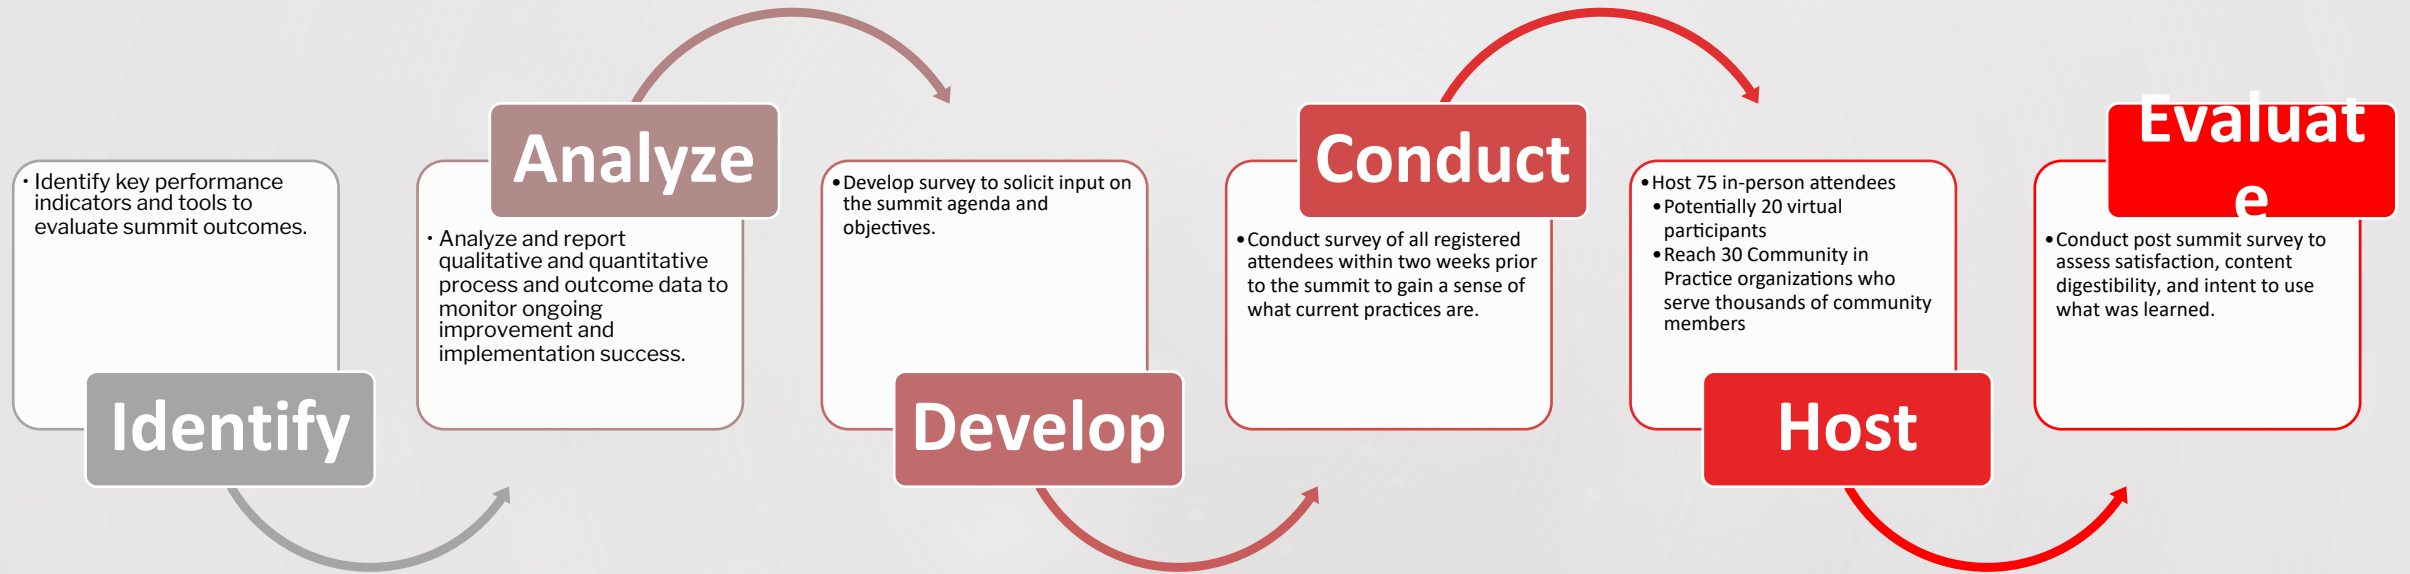

Champions for Health has been funded by the Tuberculosis Elimination Alliance (TEA) to provide an innovative, educational, and enjoyable summit about latent Tuberculosis (TB).

We are hosting the Summit to:

- build on county-wide partnerships of TB efforts
- reach the San Diego community of providers which includes nearly 20 organizations comprising community clinics, health systems, hospitals, health plans, and other community foundations. These organizations are led by and serve high-priority A/AA, NH/PI, non-U.S.-born Latino Americans, and U.S.-born African American communities
- align messaging and expand on San Diego TB initiatives by activating a coordinated action plan to stop the spread of TB

The anticipated outcome of the Summit is to further improve and disseminate standardized TB prevention/elimination messages and materials that address all high-risk populations and age groups, benefitting at-risk individuals, the community agencies and the physician providers who use the latent TB infection care cascade.

Evaluation Strategy

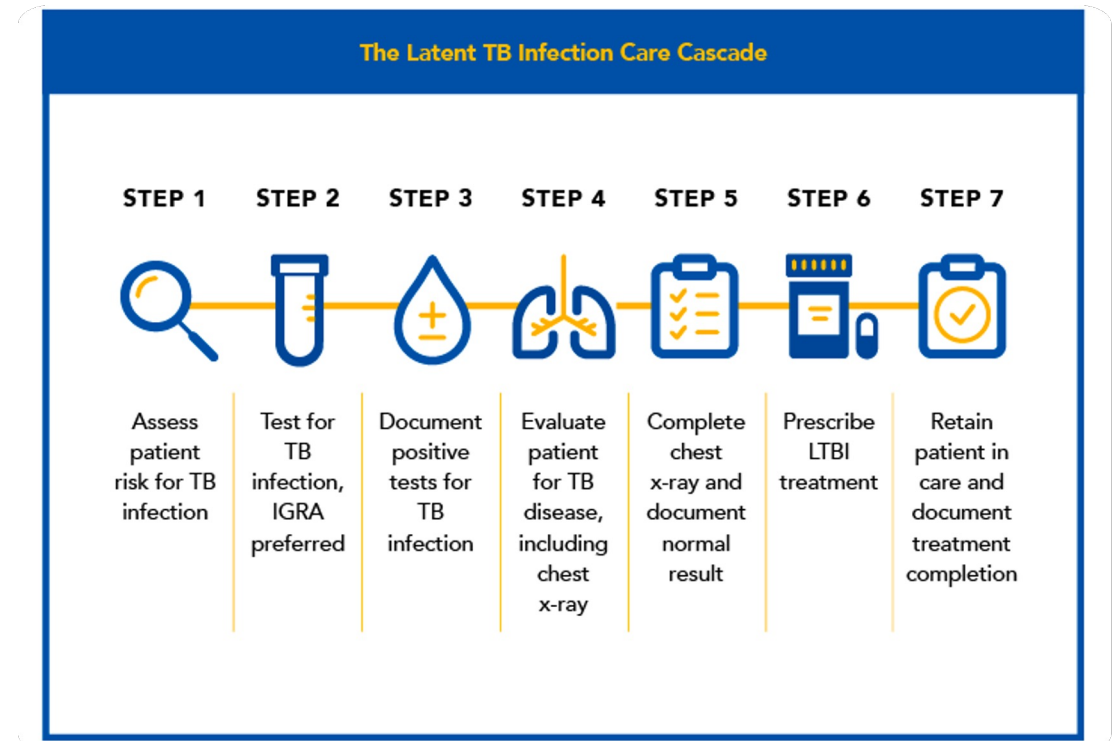

Survey Overview

Purpose of this survey

- Guide the creation of TB summit activities
- Identify educational and collaboration opportunities
- Engage people in-person across different roles

Focus on latent TB care cascade

Sample Questions

* 4. Are you familiar with and/or interested in learning about the following:

Familiar with this tool/content area Interested in additional training or discussions on this topic

California Department of Public Health (CDPH) TB risk assessment tools	<input type="text"/>	<input type="text"/>
Education across the Continuum of Care	<input type="text"/>	<input type="text"/>
Strengthening Partnerships to address populations disproportionately affected by TB	<input type="text"/>	<input type="text"/>
Outreach Activities	<input type="text"/>	<input type="text"/>
Prevention Activities	<input type="text"/>	<input type="text"/>

* 5. Are you familiar with and/or interested in learning about the following:

Familiar with this tool/content area Interested in additional training or discussions on this topic

Steps of the LTBI care cascade	<input type="text"/>	<input type="text"/>
Screening for TB	<input type="text"/>	<input type="text"/>
Testing for TB	<input type="text"/>	<input type="text"/>
Screening for LTBI	<input type="text"/>	<input type="text"/>
Testing for LTBI	<input type="text"/>	<input type="text"/>

* 6. Would you be interested in presenting or facilitating a session or activity relevant to your experience, expertise, and education at the Summit?

☐ No

☐ Yes (please provide name and contact information)

* 7. Would you be interested in free Continuing Medical Education (CME) units?

☐ No

☐ Yes (please specify TB related topics of interest)

* 8. Which of the following meeting formats would you like to see at the Summit (check all that apply)?

☐ Panels

☐ Stories or case studies of people with lived TB/LTBI experience

☐ Small breakouts/working groups

☐ Keynotes

☐ Trivia or knowledge games/activities

☐ Other (please specify)

Summit Agenda Ideas – March 2024

Presentations and Education

- Free CME for physicians, CE for other professionals
- Interactive Case studies
- Video of patient testimonials

Community Building Activities

- Lunch Discussions
- Games and Prizes
- Electronic polling for process evaluation
